РНН					. ,	Total costs: <300 for hw-upgrade, 100300 shipping 0/mo	
IFA HiFo Approval							
Contracts signing			HFA				
SS Server shipment				I'm putting 3 in case it takes longer	Should take around 2 working days	shipping costs TBD on Monday, should be <300	
SPS Server physical set up			SS				
SSW Server sw setup			SPS				
DT Data transfer			SSW				
D Testing deployment			DT		I think, IPHH is the cheapest and	will 2 days for integration and test suffice?	
letzner		S	e comments here ==>	re: warfare's comment> I agree, and even if they will not provide for another year, we can go to Hetzner (solution 2) anytime within 15 working days (See below)	safest for a year. If they won't continue, they will let us know well in advance and this buys us lots of	DNS transfer? I second warfare's comment < Total costs: 400€ setup. <300/mo	
IFA HiFo Approval							
SOP Servers order & payment	ί		HFA				
				Does Hetzner provide servers			
IZ Server setup by Hetzner				immediately?		two days definitely are enough. Usually 24h max	
SSW Server software setup			HZ		they need paperwork		
DT Data transfer			SSW				
D Testing deployment			DT				
Dsuosl						Total costs: setup >>600€(CoLo shipping), ???/mo	
IFA HiFo Approval				l		Moving maemo out of EU and to US legislative might be	
EG legal check			HFA			incompatible to usage terms of maemo. US has weaker	
CS Contracts signing			LEG			privacy protection and possibly higher risk for patent trolls	
SPS Server physical set up				I didn't even consider shipping		shipping UPS: 48h:1300€, 7d:630€	
SSW Server sw setup				the iron to the US			
DT Data transfer				This timeline is for getting			
D Testing deployment			DT	rootservers or VM's			
egend				General Comments			
Depending on us to speed	ed and a second s						
up							
Not depending on us							
Critical end date							
Slack/Uncertainty							
				I find this timeline too packed, and it is
